

Dear Principals,

One of the many exciting opportunities that we offer you as an instructional leader is an easy opportunity to receive a free PARC membership for your school. Every principal who has 10 teachers "Like" us on our Facebook page will receive one free membership. This membership also includes membership in The California Reading Association and their professional journal, *The California Reader*.

Let's keep this simple for a busy administrator.

1. Keep a list of the names/email addresses of your 10 teachers.
2. Send it to: judylynch@surewest.net
3. We will enroll your new member (we'll ask for registration information at that time)
